***EE Hot Cocoa comes in regular and dark varieties. Please specify the type you wish to purchase.**

****EE Extra Virgin Olive Oil. This season, the organic certifiers weren't able to visit the farms to complete the organic certification process. The product is the same as in previous years & as offered for sale earlier this year -- extra virgin oil made from Nabali olives, an indigenous Palestinian variety that produces one of the highest quality oils in the world. However, the extra virgin olive oil in our new orders is not certified organic.**

*****Burlap & Barrel Spices. Burlap & Barrel is a company that promotes reducing inequality and exploitation in the food system by connecting farmers to markets, helping them access a larger share of the product value chain and establishing long-term mutually-beneficial trade relationships. We've connected to Burlap & Barrel through our partnership with Equal Exchange. Those who have purchased the Burlap & Barrel Royal Cinnamon and Garlic tell us the products are very good. We have a limited number of jars (1.8 oz) of Royal Cinnamon, Purple Stripe Garlic (granulated), Robusta Black Peppercorns & New Harvest Turmeric. Each is \$6. Add a note to your order if you would like any of these items. Orders will be filled on a first-response basis.**
